

**4.2.1 Library is automated using Integrated Library Management System (ILMS), subscription to e-resources, amount spent on purchase of books, journals and per day usage of library. (20 marks)**

**(in 500 words)**

The learning resource centre of ShriBinzani City College is one of the oldest and richest among affiliated colleges of Nagpur University. It has a diverse collection of 45000 books. The library is partially automated with LibMan version 2.0 cloud based software and is integrated with the administration CMS software. We maintain a digital accession register. Books discharging facility and cataloguing function is automated. In the last five years, approximately Rs. 6 lakhs has been spent on purchase of books. Library subscribes a good number of periodicals covering all the subjects that is being taught in the college. Besides this, library also subscribes magazines and news papers in English, Hindi and Marathi languages. Books of circulation section has been bar coded.

An Open educational resources tab has been maintained in the college website that provides online access to university syllabus, old question papers, free e books and e journals on various subjects.

The Library also provides access to about 6000 e-journals and 31,35,309 e-books through N-List Program of INFLIBNET. One OPAC machine is also installed in the Library to ensure easy access of books. The library also houses rich reference Collection viz., Encyclopedia Britannica, Encyclopedia Americana, Specific Subject Encyclopedias, Year Books, Dictionaires and other reference material. The library also provides access to Internet as well as CD/DVD based electronic resources. University Library building is centrally located and well laid out and maintains the right atmosphere for learning. Library buildings have provision for both individual and group studies. Adequate space is provided for browsing and relaxed reading.

From the library visitors record, we can say that on an average 3 teachers and 15 students visit library per day. This statistics is calculated by using the formula.

Per day usage of library = Total teachers/ students visiting library in a year / Number of working days.
