What is Creative Writing?

- ❖ Writing that expresses ideas and thoughts in an imaginative way.
- ❖ It is the art of making things up or putting a creative splash on history, as in creative non-fiction.
- ❖ It is an art form which transports us to a new realm, inspired by our mental meanderings.
- ❖ It is a medium to express feelings and emotions instead of cold, hard facts, as we do in academic writing.

Mr. Manishkumar Chavhan, Creative Writing.

Why is writing So Important

- > Writing Influences the way we think.
- > Writing enables us to reflect deeply on our experience, to examine critically our most basic assumptions, and to be in touch with our innermost selves.
- > It would enable us to gain a deeper understanding of ourselves as well as society, people, and life in general.

Mrs. Harsha A. shende, Errors in Writing.

Defining Translation

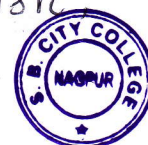

- The concept of translation has changed a lot over the years.
- Earlier it was about just the translating of one language into another.
- But in today's concept translation covers the vast transaction of human communication of all forms, cultures, and thoughts.
- In other words, the concept of translation developed from purely linguistic approach of the sixties to textual focus of the seventies, have now developed the translations of cultures and other human dynamism.
